## Zoom In! – Japanese-German Energy Transition Talks Nexus of Circular Economy, Resource Efficiency and Climate Protection

GJETC/ Japanese-German Energy Partnership Team

21<sup>st</sup> of September 2023, 10:00-11:00 CEST / 17:00-18:00 JST

### Introduction:

“Zoom In! – Japanese-German Energy Transition Talks” is a series jointly organized by the Japanese-German Energy Partnership Team and the German-Japanese Energy Transition Council (GJETC). It focuses on current developments regarding the energy transition in both countries. Each session zooms in on a specific topic and offers decision-makers from policy, industry and research a platform for in-depth information and discussion on the current status, development and potential for different energy transition policies and technologies in Germany and Japan.

In the second session our experts discuss the Nexus of Circular Economy, Resource Efficiency and Climate Protection, the different approaches and lessons learnt so far. As this is a broad topic, this conversation will zoom in on the scenario-based need and usefulness of Policy Integration between Circular Economy and Climate Protection to achieve national climate change mitigation goals. Our experts will further elaborate on the benefits of this approach, current developments and open questions in the respective countries.

We kindly ask the audience to submit questions to the experts via chat. The secretariat will look for those that fit best with the ongoing conversation to be advanced to the moderator and included in the final 15 Minutes of the discussion.

**Language:** English (with simultaneous translation into Japanese)

**Time:** 10:00-11:00 CEST / 17:00 – 18:00 JST

**Online:** via Zoom ([registration link](#))

**Moderator:** Franziska Erbe, Junior Researcher, Department Circular Economy, Wuppertal Institute

**10:00 – 10:10 Introduction into the Nexus of Circular Economy, Resource Efficiency and Climate Protection**

(17:00 – 17:10) Franziska Erbe, Junior Researcher, Department Circular Economy, Wuppertal Institute

**10:10 – 10:45 Expert Discussion on the topic from Japanese and German perspectives**
